INNOVATIVE CONSTRUCTION INSPECTION

What will your customers do with
the extra time they didn't spend
waiting for an inspector?

ICI

INSPECTIONS ON DEMAND

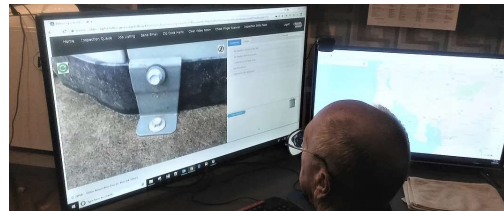

There's now a faster way to get your work inspected. Simply request it thru the Video Inspection Pro app on your smart phone and you will be connected to an ICI inspector. The remote video inspection takes just a few minutes to complete.

IMMEDIATE DECISIONS

Complying with state regulations for posting inspection results is a breeze. You'll post the results immediately using the PuQu portable label printer. Simply attach the printed ticket to the permit board. The ICI inspector will notify the jurisdiction of the results for you.

Today's smartphones have HD cameras built in. Use the power of mobile video conferencing to increase your customer satisfaction.

Satisfying you and your customers is our goal. Our inspection process will allow you to get to your next customer quicker and stop chasing down inspection schedules.

MAXIMIZE YOUR TIME

Link your profile to all your designees, or installers. They will be able to manage jobs and request inspections on your behalf. You can also manage jobs from your office while they stay in the field.

START RIGHT AWAY

Visit www.VideoInspectionPro.com to see all the details. There are no membership fees or contracts and we would be happy to give you a free demonstration. Start getting more done with ICI.

KEY TECHNOLOGIES

VIP was created by Sjur Solutions exclusively for use by ICI and includes the following technology:

- Secure high definition video conferencing and recording
